Make Every Batch A

GOLDEN BATCH

Smarter production. Better quality. Greater efficiency.

With AVEVA MES for Food & Beverage

MAKE EVERY BATCH A GOLDEN BATCH

Transform your Food & Beverage manufacturing operations with **AVEVA Operations Control 2026**, powered by System Platform and Manufacturing Execution System (MES). Gain real-time visibility into production processes, standardise product quality, reduce waste and maximise operational efficiency. By connecting people, processes and equipment with intelligent monitoring, seamless data integration and AI-driven insights, AVEVA solutions empower manufacturers to make smarter decisions, minimise downtime and achieve consistent production performance — turning every batch into a Golden Batch

Key Features

- **FULL TRACEABILITY**
- **HIGHER PRODUCTIVITY**
- **NO-CODE MES**
- **CONSISTENT QUALITY**
- **RUN WITH AI**

SMARTER MANUFACTURING, FROM SHOP FLOOR TO DECISIONS

MONITOR
Real time production visibility

IMPROVE
Quality and batch consistency

OPTIMISE
Performance and efficiency

One connected manufacturing environment

Integrate industrial control, production execution and performance information to help your teams respond faster and continuously improve operations.

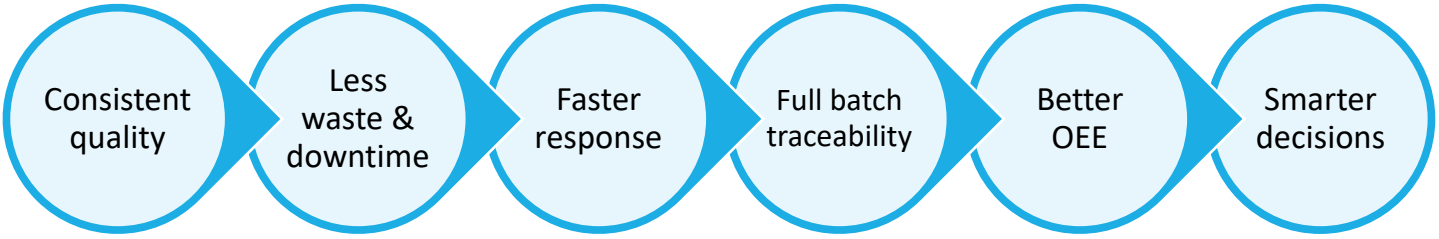

CONNECT. MONITOR. OPTIMISE

Operations Control 2026 + System Platform + MES

Bring real-time plant visibility together with manufacturing execution, quality control and traceability to drive better production outcomes.

OPERATIONS CONTROL	SYSTEM PLATFORM	MES
Monitor & Control	Connect & Visualise	Execute & Optimise

Key benefits

Built for Food & Beverage

- ☐ **Real time visibility**
  See equipment and production status.
- ☐ **Quality & traceability**
  Track materials, batches and checks
- ☐ **Production performance**
  Analyse OEE, losses and downtime.

From Data to Action

- ☐ **Connect**
  Bring control and shop-floor data together
- ☐ **Execute**
  Guide production and quality workflows.
- ☐ **Improve**
  Use insights to reduce recurring losses.
